

Rohit Sutar

Freelance Front-End Engineer — 5+ Years Experience

+91 8356993060 | rohitasutar7066@gmail.com | [linkedin.com/in/rohitarunsutar](https://www.linkedin.com/in/rohitarunsutar) | Available for remote contract work

PROFILE

Front-end engineer available for freelance and contract engagements, specializing in responsive, user-friendly web interfaces with HTML5, CSS3, JavaScript, React and Next.js. Track record of delivering payment gateways, CMS-driven websites, and admin panels for clients ranging from US healthcare startups to large enterprises (UPL, SBI Payments, Rebel Foods). Comfortable owning a project end-to-end: requirements gathering, client communication, frontend architecture, and delivery.

SERVICES OFFERED

Responsive Web Development: pixel-perfect, mobile-first builds with HTML5/CSS3/JS

Front-End Application Development: React & Next.js single-page and server-rendered apps

CMS & Admin Panels: Laravel-based CMS, admin dashboards, and content workflows

Payment Gateway Integration: merchant/payment UI integration and QR/UPI-based flows

API Integration: third-party, social, and backend API integration for frontend apps

CLIENT PROJECTS

Healthrageous Made Easy Meals

Client: US-based (Healthrageous)

Sr. React Developer

React JS

- Led frontend development of a platform merging meal delivery with health messaging for Medicare members, ensuring a user-friendly, engaging interface.
- Collaborated directly with the US client on requirements, updates, and usability testing to refine UX.
- Built responsive designs for accessibility across devices; coordinated with backend developers to integrate APIs seamlessly.

United Phosphorous Ltd (UPL)

Client: UPL Limited

Team Lead

HTML, CSS, Bootstrap, JS, jQuery, PHP (Laravel), MySQL

- Led the frontend development team for OpenAg, UPL's global food-systems initiative, managing tasks and milestone delivery.
- Designed and developed user interfaces and site structure; conducted code reviews for quality and performance.
- Ran client meetings and presentations to gather requirements and report progress.

SBI Payments

Client: SBI Payment Services Pvt. Ltd.

Sr. Front-End Web Developer

HTML, CSS, Bootstrap, jQuery, PHP (Laravel), MySQL

- Built a mobile-friendly merchant payments website supporting Cards, QR codes, UPI P2M, YONO, and Aadhaar-based (Bhim Aadhaar) payment flows.
- Developed an admin panel for data management and integrated payment gateways to extend merchant solution functionality.
- Implemented a CMS for dynamic data entry and integrated third-party/social APIs; mentored junior developers.

Rebel Foods

Client: Rebel Foods

Sr. Front-End Web Developer

HTML, CSS, Bootstrap, jQuery, PHP (Laravel), MySQL

- Led frontend development of a responsive, SEO-friendly website for the world's largest internet-restaurant chain.
- Developed wireframes and interfaces for a seamless user experience; implemented a CMS for easy content updates.
- Added CSS animations to improve visual appeal and engagement, working closely with designers and backend developers.
